Lord, as learners within the Gauteng Department of Education, we have come thus far, having passed through many challenges and opportunities. You sustained us throughout all the years of our learning, giving us supportive educators, parents, school management and our community leaders.

We have done our best to learn all what we have been taught, going through every programme the MEC, GDE, educators and parents prepared for us. Sometimes we felt shaky and doubtful but You sustained us. There were times we could have given up but our fellow learners, educators, parents, the GDE and staff spurred us on through Your divine intervention.

Lord, we have dreams to change our lives for the better through this gift of education. We aspire to be better citizens with skills to participate in the economy of our country through our own learning. We therefore pray that You empower our minds, hearts and hands to be able to prepare well for the coming examinations and also do well in reproducing what we have learnt.

We pray for good health for all involved in educating us and soundness throughout this period of importance. We pray for peace and tranquility in our minds, our environment, our homes, schools and country during this milestone period of our lives.

We want to thank You that we are all capable to sit for these coming examinations with confidence and inspired hearts. In your Holy Name Lord, AMEN
